A/S Smiltene piens is a company in Latvia with more than a century of history, well-developed milk processing traditions, constantly growing skills and innovative products. At the company, traditional values are honoured with genuine respect and pride, and form the basis of every action and decision we make. A/S Smiltene piens are one of the largest dairy processors and one of the largest cheese producer in Latvia.

Consistently high quality is achieved owing to 100% natural, high quality raw materials, the professionalism of our specialists and production innovations. We are constantly implementing sustainability measures, improving packaging, developing flavours and following the latest taste trends. The Smiltene piens brand is recognised and appreciated by both Latvian and foreign gourmets.

The company's core business is dairy products, with more than 150 product groups, such as cheese, cottage cheese, cheese and cottage cheese cakes, kefir, cream cheese, cheese snacks and many more.

The company's main export markets are Italy, Moldova, Poland, the United States, the Czech Republic and other countries.

COTTAGE AND CHEESE CAKES

Elegant cottage cheese and cheese cakes with royal additives such as raspberries, cherries and blackberries. There are based on outstanding cottage cheese, sweet cream and tasty biscuit. New – CHEESE cake with salted caramel is made from our own fresh cheese, mixed with sweet cream, sugar, salt and little cottage cheese – excellently balanced taste and persistent consistency, which can be easily cut when serving.

PROTEIN BEVERAGES

Tasty, strengthening and vitamin-rich protein beverages with an increased content of plants and berries provide the necessary whey proteins, with a very low level of fat and a particularly long time to store them. We offer apple and cranberry, peach and oat bran, pineapple and mango protein beverages.

CREAM CHEESE

Cream cheese (fresh cheese) is one of the most versatile dairy products offered by dairy producers. Airy, creamy – cream cheese is an excellent choice for both quick breakfast, delicate appetizers or tempting desserts, as well as cheesecakes and glazes. Cream cheeses are healthy and nutritious, they contain proteins, vitamins, trace elements.

CAGLIATA

Cagliata is a type of industrial cheese that is used as an intermediate product in the production of Mozzarella cheese. Cagliata is made of pasteurized cow milk, which gives the cheese a gentle and milky taste. Our Cagliata cheese is vacuumed in plastic wrap, and we can adapt its weight and size to the consumer's needs.

COTTAGE CHEESE

Savor the richness of our premium cottage cheese, a testament to our dedication to quality and tradition in dairy craftsmanship. Each spoonful is a journey of wholesome goodness, offering a satisfying taste of dairy perfection. Whether enjoyed as a nutritious breakfast staple or as a wholesome addition to your favorite recipes, our cottage cheese promises to elevate every dining experience.

CHEESE SNACKS

Cheese snacks are a good source of protein and an excellent snack. They are made of 100% real cheese. We offer Holland cheese snack, smoked cheese snack, snack with the taste of blue cheese, as well as snack with tomato and chili flavor. Cheese snacks help to prepare various salads, pasta dishes and soups. They are also an excellent snack with a glass of wine or beer.

CHEESE

Immerse yourself in the complexity of our artisanal creations, where every bite tells a story of passion and dedication to quality. Whether you crave the creamy indulgence of our semi-soft cheeses or the robust character of our aged hard cheeses varieties, each cheese promises a unique and unforgettable experience.
